Assumptions

- Prices are in Tanzanian Shillings (TSh). All revenue projections are pre-tax and pre-payment-processor-fees.
- Annualised values assume a subscriber renews continuously at the same plan for 12 months. Real churn will reduce these.
- 30-day auto-Gold trials on COACH/ACADEMY/CLUB/AGENT/VENDOR delay revenue capture by ~1 month per new sign-up but drive downstream conversion.
- Enterprise pricing is negotiated; the "contact us" tiers are not modelled numerically here — treat as upside.
- Standard-tier free access (PLAYER/COACH/ACADEMY) produces no direct revenue but expands the funnel and accepts Gold/Platinum upgrades.
- FIELD_OWNER, GUARDIAN, SPONSOR, and SCHOOL are non-subscription (school gets 3 delegated sports-teacher seats bundled).
- Payment gateway is not yet wired — no live revenue is being collected at time of writing.

PLAYER — Pricing

Full plan table with annualised comparison

Tier	Monthly	Quarterly	Bi-annual	Best annual eq.
STANDARD	free	free	free	contact
GOLD	5,000	10,000	20,000	40,000
PLATINUM	10,000	25,000	40,000	80,000

Per-1,000-subscriber revenue projection (monthly-plan basis)

Tier	Annual / sub	Rev @ 1,000 subs	Rev @ 10,000 subs
STANDARD	free	0	0
GOLD	60,000	60,000,000	600,000,000
PLATINUM	120,000	120,000,000	1,200,000,000

Notes for forecasting

- Standard is free — the widest funnel, but yields zero direct revenue.
- Gold monthly = 5k TSh (~\$2 USD). Positioned as impulse-buy for keen players.
- Platinum monthly = 10k. Unlimited AI is the anchor value.
- Best-annual entry: Gold biannual → 40k/year effective (vs 60k on monthly). Bulk discount incentivises longer commitments.

REFEREE — Pricing

Full plan table with annualised comparison

Tier	Monthly	Quarterly	Bi-annual	Best annual eq.
MINOR	5,000	10,000	contact	40,000
ADULT	10,000	25,000	40,000	80,000

Per-1,000-subscriber revenue projection (monthly-plan basis)

Tier	Annual / sub	Rev @ 1,000 subs	Rev @ 10,000 subs
MINOR	60,000	60,000,000	600,000,000
ADULT	120,000	120,000,000	1,200,000,000

Notes for forecasting

- No revenue for referees officiating fewer than 10 completed matches — treat as pipeline.
- MINOR (u18) pricing is 50 % of ADULT — subsidised segment.
- ADULT monthly 10k feels aligned with a match-fee tax (~5-10 % of a single officiated match).
- Volume assumption: for each active adult ref who exceeds 10 games, ~50 % conversion is achievable within 3 months.

SCOUT — Pricing

Full plan table with annualised comparison

Tier	Monthly	Quarterly	Bi-annual	Best annual eq.
PRO	10,000	25,000	40,000	80,000

Per-1,000-subscriber revenue projection (monthly-plan basis)

Tier	Annual / sub	Rev @ 1,000 subs	Rev @ 10,000 subs
PRO	120,000	120,000,000	1,200,000,000

Notes for forecasting

- Single PRO tier — 10k/25k/40k. Direct comparability with PLAYER Platinum.
- No free trial — subscription is a prerequisite for ANY official scouting work.
- High conversion expected among active scouts (their livelihood depends on it).

COACH — Pricing

Full plan table with annualised comparison

Tier	Monthly	Quarterly	Bi-annual	Best annual eq.
STANDARD	free	free	free	contact
GOLD	5,000	10,000	20,000	40,000
PLATINUM	10,000	25,000	40,000	80,000

Per-1,000-subscriber revenue projection (monthly-plan basis)

Tier	Annual / sub	Rev @ 1,000 subs	Rev @ 10,000 subs

PLATINUM	120,000	120,000,000	1,200,000,000

Notes for forecasting

- 30-day auto-Gold trial delays revenue by one month per new coach.
- Standard is free with limited AI — freemium anchor.
- Gold monthly = 5k. Platinum monthly = 10k.
- Coach-Scout bridge: Gold coach doubles as a paid scout without a separate fee — makes Gold more attractive than SCOUT PRO for coaches who also scout.

ACADEMY — Pricing

Full plan table with annualised comparison

Tier	Monthly	Quarterly	Bi-annual	Best annual eq.
STANDARD	free	free	free	contact
GOLD	20,000	50,000	100,000	200,000
PLATINUM	50,000	120,000	200,000	400,000

Per-1,000-subscriber revenue projection (monthly-plan basis)

PLATINUM	600,000	600,000,000	6,000,000,000

Notes for forecasting

- 30-day auto-Gold trial delays first revenue by ~1 month per new academy.
- Standard free with 1 age level + 1 gender roster cap.
- Gold monthly = 20k (moderate). Platinum monthly = 50k (premium).
- Platinum bundles Doc Vetting → deep incentive for academies running tournaments.

CLUB — Pricing

Full plan table with annualised comparison

Tier	Monthly	Quarterly	Bi-annual	Best annual eq.
STANDARD	20,000	50,000	100,000	200,000
GOLD	50,000	120,000	200,000	400,000
PLATINUM	100,000	250,000	500,000	1,000,000

Per-1,000-subscriber revenue projection (monthly-plan basis)

Tier	Annual / sub	Rev @ 1,000 subs	Rev @ 10,000 subs
STANDARD	240,000	240,000,000	2,400,000,000
GOLD	600,000	600,000,000	6,000,000,000
PLATINUM	1,200,000	1,200,000,000	12,000,000,000

Notes for forecasting

- Standard is PAID from day 1 (20k/mo). No free floor — assumes clubs are revenue-generating orgs.
- 30-day auto-Gold trial masks the paywall at signup.
- Highest ceiling among the org tiers: Platinum monthly 100k, biannual 500k.
- Feature parity with ACADEMY today but priced 25-50 % higher.

AGENT — Pricing

STANDARD	free	0	0
GOLD	1,200,000	1,200,000,000	12,000,000,000
ENTERPRISE	contact	contact	contact

Notes for forecasting

- Two paid tiers (Gold + Enterprise). No free floor once trial ends.
- Gold monthly = 100k — the most expensive standard subscription on the platform.
- Enterprise: contact-us pricing. Anchor for big-agency accounts.
- Reports (PLAYER only on Gold; TEAM/MARKET/CUSTOM on Enterprise) is the key upsell driver.

VENDOR — Pricing

Full plan table with annualised comparison

Tier	Monthly	Quarterly	Bi-annual	Best annual eq.
STANDARD	30,000	75,000	150,000	300,000

Per-1,000-subscriber revenue projection (monthly-plan basis)

Tier	Annual / sub	Rev @ 1,000 subs	Rev @ 10,000 subs

PLATINUM	3,600,000	3,600,000,000	36,000,000,000
ENTERPRISE	contact	contact	contact

Notes for forecasting

- Four paid tiers with paid Standard from day 1 (30k/mo).
- Gold monthly 100k, Platinum 300k. Enterprise contact-us for the biggest ad clients.
- Home-feed post caps + reach scope escalation is the value ladder.
- Broadcast-to-all-accounts (Enterprise perk) not yet built — deferred consumer.

Non-subscription types (capacity, not revenue)

These account types carry zero direct subscription revenue but must be provisioned for. GUARDIAN capacity in particular limits the platform's minor-player scale.

GUARDIAN	Max 15 minors + 5 referee-minors per guardian; 30 AI queries/mo. No trial/match/tournament creation. Can b

SPONSOR	No caps defined yet. Free / non-subscription.
FIELD_OWNER	Not subscription-eligible. Owns venues; venue booking model is separate from subscriptions.

Deferred paid consumables (future revenue lines)

These are cap flags already set in the tier model but no endpoint currently accepts money for them. Building them out adds line items to the revenue mix beyond flat subscriptions.
